

MEMORIAL DESIGN AND ARRANGEMENT OF NAMES

WEST PANELS

May 25, 1968 - May 5, 1975

EAST PANELS

October 21, 1957 - May 25, 1968

The Vietnam Veterans Memorial in Washington, D.C. is 246 feet, nine inches long in both east and west directions. It is made of 148 panels. 140 panels are numbered and there are four blank at each end. Panel numbers are on the bottom of every panel. Names are arranged in order of date of casualty and alphabetically on each day, beginning at the center with panel 1E (under 1959), down panel 1E, then moving right towards 70E, then 70W towards the center, and ending in the middle on 1W. The first and last casualties are side by side at the apex of the Memorial.

Line numbers count down from the top of each panel. On the edge of every panel are white dots every 10 lines. Count down 4 dots and you're on line 40.

Each name is preceded (on the West Wall) or followed (on the East Wall) by a symbol designating status.

◆ The diamond symbol denotes that the service member's death was confirmed.

+ Those whose names are designated by the cross symbol were in missing or prisoner status at the end of the war and remain missing and unaccounted for. In the event a service member's remains are returned or otherwise accounted for, the diamond symbol is superimposed over the cross.

⊕ If a service member returns alive, a circle, as a symbol of life, will be inscribed around the cross. **No such cases have occurred.**

DATE	PANEL	ROW	DATE	PANEL	ROW	DATE	PANEL	ROW	DATE	PANEL	ROW
